

OCTOBER 27, 2021

PART I Brent Accurso, DDS
**YOU KNOW IT...NOW UNDERSTAND IT!
15 PATHOLOGY POINTERS.**

PART II Brent Martin, DDS
AN OVERVIEW OF FORENSIC DENTISTRY
2 HOUR CE COURSE

Dr. Brent Martin is a board-certified Oral and Maxillofacial Pathologist with Oral Pathology Consultants at St. Joseph Mercy Oakland. Dr. Martin received his DMD in 2000 from Southern Illinois University, and completed oral path training at Ohio State in 2012. In 2017, Dr. Martin completed a 2-year forensic odontology fellowship at the University of Texas, San Antonio, and served as Forensic Dental Consultant to the Air Force Surgeon General between 2017-2019. Dr. Martin has served in both the active duty Army and Air Force, and remains as a member of the Michigan Air National Guard, Selfridge AFB.

Dr. Brent Accurso is a board-certified Oral and Maxillofacial Pathologist with Oral Pathology Consultants at St. Joseph Mercy Oakland. He received his DDS from the University of Michigan, completed at GPR at Carolinas Medical Center in Charlotte, NC, and completed oral pathology training at Ohio State where he also received a Master of Public Health degree. He's practiced at Oral Pathology Consultants since completely residency.

In addition to their pathology practice, Drs. Accurso and Martin are actively involved in resident education with the Ascension-Macomb Oral & Maxillofacial Surgery, Detroit Receiving Hospital Oral & Maxillofacial Surgery, and St. Joseph Mercy-Oakland General Practice Residency in Dentistry training programs.

Forensic Description: With continued advances in fingerprints and DNA, is there a role for forensic dentistry in today's world? Come join us for a brief overview of forensic dentistry, with emphasis on forensic dental identification. We will discuss how to work with remains and conduct a postmortem examination, look at some specific cases, and try to shed light on this distinctive forensic discipline. This course is designed and presented as a beginner level course.
