

Oral Pathology: The confusion surrounding Leukoplakia

Presented by:
Brent Accurso, DDS

2 HOUR CE

LEARNING OBJECTIVES

- Learn why “leukoplakia” is an imperfect term and is frequently misused
- Learn better and more accurate terminology to describe oral lesions
- Apply these skills during an oral exam and develop a differential diagnosis that allows for appropriate management

ABOUT

Dr. Brent Accurso is a board-certified Oral & Maxillofacial Pathologist with CTA Pathology, a national digital specialty pathology practice serving dental clinicians and dermatologists nationwide. He attended the University of Michigan for dental school before completing his specialty training at Ohio State University. In addition to his pathology practice, Dr. Accurso is involved in education for both residents and practicing clinicians.
