

Implicit Bias Training for the Healthcare Professional

Presented by:
**Elizabeth Gadioli Chief
Probation Officer**

3 HOUR CE

COURSE DESCRIPTION:

Elizabeth Gadioli will be presenting "Implicit Bias Training for the Healthcare Professional", a license required seminar addressing how unconscious thoughts and attitudes can impact care in the medical and dental professions.

COURSE OBJECTIVES

- Defining implicit Bias.
- The effect of implicit Bias in both a historical and present day context.
- Identifying effects of implicit Bias within a practice.
- Developing strategies to negate implicit Bias.
- How to increase equitable access to all customers.
- The interactive session will include a pre-test and post-test to help identify areas of personal growth for all participants.

ABOUT

Mrs. Gadioli has spent nearly 23 years working in the correctional system. Her experience has taken her from working within Macomb County Jail, to supervising misdemeanor probationers in Downtown Detroit, and now to managing a very busy probation department in Northeastern Macomb County. She holds dual undergraduate degrees in Psychology and Social Relations from Michigan State University. Her educational background and experiences in working with different populations has fueled her desire to spread awareness of implicit Bias and unconscious attitudes. Since 2014, she has worked with her Mother-in-law, Linda Gadioli, and sisters-in-law for Gadoli CPR & More, offering training courses in CPR & First Aid, OSHA, and Human Trafficking Awareness. They are a PACE provider, recognized through the Academy of General Dentistry (AGD) and the Michigan Dental Association (MDA).
